

## PLATE 56

*Alleculidae-Alleculinae* (A-L)*Alleculidae-Omophlinae* (M-N)

- |    |             |            |                 |   |  |
|----|-------------|------------|-----------------|---|--|
| A. | Capnochroa  | fuliginosa | Melsh.          | : | Head. Dorsal view.   |
| B. | "           | "          | "               | : | Prothorax and anterior<br>part of mesothorax.<br>Ventral view.             |
| C. | "           | "          | "               | : | Ventral mouthparts.<br>Ventral view.                                       |
| D. | "           | "          | "               | : | Right mandible. Intero-<br>dorsal view.                                    |
| E. | Mycetochara | fraterna   | Say             | : | Posterior end of abdo-<br>men. Lateral view.                               |
| F. | Hymenorus   | pilosus    | Melsh.          | : | Mandible. Ventral view.  |
| G. | Capnochroa  | fuliginosa | "               | : | Larva. Lateral view.   |
| H. | Hymenorus   | pilosus    | "               | : | Head. Dorsal view.   |
| I. | "           | "          | "               | : | Leg.   |
| J. | "           | "          | "               | : | Hypopharyngeal region<br>and maxilla.                                      |
| K. | "           | "          | "               | : | Head. Ventral view.  |
| L. | "           | "          | "               | : | Posterior end of abdo-<br>men; vl, ventro-lateral<br>suture. Lateral view. |
| M. | Cteniopus   | sulphureus | L. (Denmark)    | : | Posterior end of abdo-<br>men. Ventro-lateral<br>view.                     |
| N. | Omophlus    | proteus    | Kirsch (Russia) | : | Larva. Ventro-lateral<br>view.   |
